 - K. Union representatives and the Principal shall meet before the start of the school year to discuss establishing dates for open houses.
 - L. Employees are expected to attend at least two (2) extracurricular activities during the school calendar.  - 1. English, Math, Social Studies, Foreign Language, Science and other academic classes not listed below shall have a maximum of an average of twenty-eight (28) students per class period for part-time (below 6/7) instructors or a maximum of one hundred and fifty (150) students per day for full-time (6/7) staff. A classroom will have no more than 33 students per hour. Jazz or concert band, orchestra, choir, physical education shall have no specified class size maximums, but shall only be limited by space limitations. Other Fine and Performing Arts classes shall be limited by space limitations and shall have a maximum class size of 33 students excluding visual art studio or other independent study students. For example: 1) If a full-time (6 /7) teacher has one support class and five academic classes, the maximum number of students per day would be 147; 2) If a part-time teacher has three classes, two support classes and one academic class, the maximum number of students per day would be 78, or an average of 26.
 5. Virtual Learning or other online classes may be assigned but will not be counted toward the teacher's maximum loads, but is considered a class for teaching load.
 6. Teachers with an average number of students per class which falls below 22 will be expected to provide additional services to the School according to their abilities, availability and the School's need, in coordination with the School Principal.
- B. In the event circumstances require that the class-size maximums above are exceeded or then the administration shall provide relief, which may include either or both of the following:
1. One-Hundred Fifty dollars (\$150) per quarter per funded student if the excess exists for at least twenty (20) days in that quarter, to be paid once per Semester.
 2. Other relief as may be agreed upon by the administration and the employee, which may include assigning a duty-hour teacher to assist in the overloaded class two days per week, assigning a qualified volunteer aide to assist in the overloaded class two or more days per week, providing a substitute teacher for a full day once every 15 school days, etc.

The administration will identify observers and evaluators as they are determined. The administration will provide in evaluation orientation for all new hires during their pre-evaluation conference.

- C. The parties acknowledge that pursuant to Section 1249 of the Revised School Code, schools must annually rate teachers and place them in one of four categories for state reporting and other purposes: Ineffective, Minimally Effective, Effective, and Highly Effective. The parties also agree that there is a shared interest in having an evaluation tool that ensures quality instruction while at the same time enhancing the growth of all teachers. In recognition of this growth orientation, the parties agree to use the terminology to rate teachers as set forth below, also agreeing that these rating levels will align with the state-mandated rating levels as indicated:

Levels of Performance:

Arts Academy	Ineffective	Gaining Proficiency*	Proficient	Exceeds Proficiency
State of Michigan	Ineffective	Minimally Effective	Effective	Highly Effective

** This rating indicates that the teacher has demonstrated growth but the level of achievement has not yet reached the Academy's standards during the period of performance. An inexperienced probationary teacher would typically be rated as being at this ratings level. However, it would be expected that an experienced and/or vested teacher would not be rated at this ratings level consistently.*

Article XV - Professional Development and Mentoring Program

- A. The parties recognize that the professional development of the Arts Academy in the Woods faculty is both a personal and institutional responsibility of employees, the Union and the Employer.

- B. The parties agree that in-service programs will further the professional development of individual members and advance the mission of the Arts Academy in the Woods, and

The School shall investigate the complaint to determine its accuracy before placing it into a teacher's file or taking any other action. As part of the investigation, the teacher is expected to fully cooperate with the investigation. A teacher's written response to a complaint will be attached to any copy of the complaint placed in the personnel file.

At the discretion of the administration, the identity of a parent or student complainant may be withheld if warranted by the circumstances.

When dealing with complaints pertaining to a teacher, the School shall generally do the following:

1. Encourage the complainant to discuss his/her concern directly with the teacher, whenever the administrator believes it is appropriate to do so;
2. Conduct, or cause to be conducted, an investigation of the complaint or criticism as the administrator determines is required to determine its accuracy; and
3. Consider the nature and severity of the complaint or criticism, together with the teacher's prior record of conduct and performance, when determining the corrective or disciplinary action (if any) to be taken.

There may be circumstances in which, due to the nature of the complaint, the administrator does not immediately refer the complainant to the teacher. At all times, the best interests of the students and District shall be considered.

A teacher shall be entitled to have a representative of the Union present during any investigatory interview which could reasonably result in disciplinary action. When a teacher request for such representation is made, no action shall be taken with respect to the teacher until such representation is present, provided that such representation is not unduly delayed that may compromise the investigation.

- C. No employee shall be disciplined, given a written reprimand, suspended or discharged by the Employer except for a reason that is not arbitrary or capricious. The chairperson of the bargaining unit or designee will be given any written discipline imposed upon a bargaining unit member within 24 hours of such discipline.
- D. It is agreed that on a pilot basis through the term of this contract, to expire June 29, 2021, the School agrees that if the Principal recommends the discharge of a non-probationary employee, the Principal shall provide evidence for discharge to the Academy Board, to determine appropriate action. In addition, the non-probationary employee shall have the right to a hearing before the Board, provided that the request for such hearing is given to the Board within fifteen (15) days of the employee receiving formal written notice of his or her discharge. The Union may request a mediator (from the State; i.e., Bureau of Labor Relations) to attend the hearing and help resolve any dispute around the determination to be made by the Board.
- E. The Board subscribes to the concept of “progressive discipline.” Unless the seriousness of the offense warrants accelerated discipline as determined by the Board/Administration, progressive discipline may include the following:
 - 1. Verbal warning (which may be documented in the teacher’s personnel file),
 - 2. Written reprimand,
 - 3. Suspension without pay; and
- F. Before determining any discipline, the Administration shall hold a conference with the employee to discuss the complaint or charges against the employee, and give the employee an opportunity to respond.
- G. An employee shall, at his/her request, be entitled to have a Representative of the Union present when the employee is being disciplined for any infraction or delinquency in professional behavior, or when the teacher reasonably believes that discipline may result from the meeting, with the understanding that this will not unreasonably delay such a meeting.

- H. The Employee may use the grievance procedure to appeal discharge or discipline; however, only discharge or discipline involving loss of pay shall be permitted to proceed past Step 3 of the grievance procedure. Entry shall be at Step 2 of the grievance procedure and filed within seven days from the day of imposition of discharge/discipline. Failure to provide written notice of intent to appeal within the designated time frame waives the right to appeal the action.
- I. When imposing discipline or grieving reprimands, warnings, or criticism, confidentiality shall be maintained at all times. This shall not unduly restrict communication between managerial employees who have a need to know.
- J. Employees shall receive a copy of all disciplinary documents placed in their file.
- K. Employee shall be permitted to submit a rebuttal to any disciplinary action. That rebuttal shall be attached to the letter of disciplinary action and shall be placed in all files containing disciplinary action.
- L. No employee shall be publicly reprimanded.
- M. If a teacher's past actions are to be considered in determining the appropriate consequences for an act of misconduct or as a basis for suspension or involuntary change in the employment status of the employee, only evidence documented in the teacher's personnel file shall be considered.
- N. In the event an employee's work performance as a professional is deemed to be in need of improvement (excluding misconduct by the employee), the Administration shall identify the areas of concern and develop a plan of improvement with the input of the employee. The plan of improvement shall specify a timeframe by which the areas of concern shall be corrected by the employee, typically ranging from 30 to 60 days, but can be longer or shorter in special circumstances.

Probationary Period

- O. A bargaining unit member will generally be probationary for two years following the initial date of hire; however, the Principal may extend the probationary period for up to one additional year by so notifying the probationary teacher in writing prior to the completion of the second year of probation. The Principal must identify a reason for extending the probationary period and consider input from the probationary teacher's assigned mentor. A probationary teacher may appeal the decision to extend their probation to the Academy's Board. Probationary employees may be terminated without cause.

The review or reproduction of the contents of an employee's' personnel file shall be made in the presence of the record custodian or designee.
- C. Notice: A copy of any item placed in the employee's official personnel file shall be provided to the employee. In addition, items challenged under the provisions of the grievance procedure may not be placed in the employee's file until the grievance has been resolved pursuant to the provisions of the grievance procedure of this contract, unless otherwise provided by law. The employee shall have the right to respond to any item(s) to be placed in his/her personnel file and to have the response attached to such item. The employee's signature shall indicate only that he/she has read the item and shall not necessarily indicate agreement with its contents. When an employee refuses to sign an item a notation shall be placed indicating the employee was asked to sign but refused. Such refusal is not grounds for disciplinary action.
- D. Confidentiality: Except as required by law, personal information in an employee's personnel file shall remain confidential.

Article XVIII - Protection of Employees Control of Students

D. The arbitrator shall limit his/her decision as to whether the Academy violated the express terms of this agreement, and render no decision that would require or permit action in violation of applicable law. The arbitrator's fees and expenses will be shared by the Academy and the Union. Both parties agree that the arbitrator's decision is final and binding and may be enforced in any court of competent jurisdiction.

E. The following matters shall not be subject to binding arbitration under Step 5, but shall be decided by the Board, whose decision shall be final and binding:

- a. the non-renewal of the employment contract of a probationary employee;
- b. the non-renewal of the employment contract of a vested employee who has been rated ineffective for two consecutive years; or who has been rated minimally effective for two consecutive years and not met their IDP goals.

F. MISCELLANEOUS

1. All documents, communications, and records dealing with the processing of a grievance shall be filed separately from the personnel file of the participants. In the event that a grievance affects a class of employees, the Union will file the grievance at Step 3.
2. Both the grievant and the party being grieved shall appear at all levels of the grievance.
3. The Union and the Employer may mutually agree to mediation utilizing the NLRB or MERC mediation process before arbitration to resolve the issue before moving to arbitration.

Article XX - Leaves and Absences

Personal Leave

- A. Teachers will receive 10 personal leave days a year that may be “rolled over” to the following year, up to a total of 40 days. Personal leave days may be used for illness, doctor’s visits, illness in the immediate family, bereavement for death in the immediate family (up to three days for each occurrence, five days in special circumstances), and for up to four personal business matters that cannot reasonably be scheduled outside the regular school day, absent special reasons with permission from the principal. Personal leave days cannot be taken, absent special reasons with permission from the Principal, immediately before or after school vacation periods, other leaves, or within the first five or last five days of the school year.
- B. Employees are expected to notify the school by 6:00 a.m. of an expected absence. If any employee anticipates an absence of several days they may notify the school with one phone call, unless the principal requests notice of absence on a daily basis.

FMLA Leave

- C. The Employer will comply with all provisions of the Family and Medical Leave Act (FMLA) as applicable. Employees taking FMLA leave will be required to use, while on FMLA leave, all accrued and paid leave to the extent allowed by law, and such accrued and paid leave shall run concurrently with the employee’s FMLA leave. In calculating the 12-month period within which an eligible employee may take FMLA leave, the Employer applies a rolling 12- month period, measured backward from the time the employee takes FMLA leave.

Other Paid Leave

- D. An employee who gives birth to a child or adopts a child (i.e., newly assumes the legal responsibility of a child) may take off a total of one (1) week paid leave. Employees who are on FMLA for the purpose of child care are not required to use, while on FMLA leave, all accrued and paid leave.
- E. For up to a maximum of three weeks (15 work days), no employee shall be docked salary or lose time from his-her leave bank for absences caused by jury duty or for honoring a subpoena to attend a court proceeding in which the employee is a witness in a matter in which the employee is not a party.

Other Leaves of Absence

- F. Upon application and approval by the Board, a leave of absence without pay may be taken for parental leave, medical leave, or approved study leave when all accrued personal leave has been exhausted, not to exceed six months, absent special circumstances approved by the Board. Military leave shall be granted in accordance with applicable law.

- G. Except as may be provided under FMLA, employees on leave without pay will return in order of seniority, subject to certification, qualification and evaluation rating, as positions become available.
- H. An employee desiring to return from leave of absence must notify the Employer in writing of their desire to return as soon as possible, but in any event at least two weeks prior notice if return to work within the same school year, with the understanding that the right to return to work at the end of the school year shall follow the FMLA regulations, even for non-FMLA leave. Employees returning to work at the beginning of a new school year from a non-FMLA leave of absence shall give notice by May 1st.
- I. No loss of seniority shall occur while the employee is on leave of absence. No additional seniority for purposes of layoff or recall shall be granted during a leave of absence.

Article XXI - Holiday and Vacations

It is understood and agreed that salaried employees shall not be required to work during the holidays and vacations identified in the School County calendar and District calendar.

Article XXII - Salary

- A. A teacher shall advance on the step or lane salary schedule, and/or receive additional salary or bonus payments, only if the teacher received an overall performance rating of Effective/Proficient or higher on the teacher's most recent annual evaluation.

Teachers who received a Minimally Effective/Gaining Proficiency rating on their most recent annual evaluation may also be eligible to advance a step or lane on the salary schedule, or receive additional compensation, at the sole discretion of the Board, which will consider such factors as attendance, coordinating activities, participation in school related activities and other relevant performance criteria. Teachers in this situation will be given the opportunity to present such contributions at a board meeting if so desired.

Unless otherwise expressly provided in this agreement, teachers shall continue to receive the same salary and remain on the same step. Any additional salary or payments shall be pro-rated for less than full-time teachers.

- B. 2017-18 School Year
Continue current salary schedule; address problem of teachers not moving on steps over the past several years by moving affected teachers to new steps as reflected in Attachment A as of April 9, 2018; notwithstanding any other contract provision to the contrary, such movement shall occur unless the teacher was rated overall Ineffective for the 2016-17 school year.

C. 2018-19 School Year

1. Teachers who were employed by the School as teachers during the 2017-18 school year shall advance one-half step as of the first payroll period for the 2018-19 school year.
2. In the event that the School's student count for October 2018 exceeds 350, teachers who were employed by the School as teachers during the 2017-18 school year would each receive an off-schedule payment equal to one-half step no later the first payroll period following the second semester of the 2018-19 school year.

D. 2019-2020 School Year

1. Teachers who were employed by the School as teachers during the 2018-19 school year shall advance one-half step as of the first payroll period for the 2019-20 school year.
2. In the event that the School's student count for October 2019 exceeds 350, teachers who were employed by the School as teachers during the 2018-19 school year would each receive an off-schedule payment equal to one-half step no later the first payroll period following the second semester of the 2019-20 school year.

E. 2020-21 School Year

1. The parties agree to a contract re-opener on compensation items (salary and benefits), with the understanding that there will be no movement on steps/lanes or increases in School contributions towards insurance until the parties complete their negotiations on the re-opener.

Article XXIII - Insurance

- A. Health, dental and life insurance benefits shall continue at the same levels as currently provided until such time that the parties agree to change the same by mutual agreement.
- B. The School may choose to change the insurance carrier provided there is no change in benefit levels. It is understood that the District's contributions to insurance premiums shall be in compliance with PA 152 and other applicable laws, with employees paying any remaining premium amounts as provided under law. In addition, employees shall pay the full difference between the base insurance plan and any elected "buy-up" plan.
- C. Less than full-time employees (that is, teaching less than 6 of 7 class periods) shall not be eligible for insurance and other fringe benefits except as follows.
 1. Teachers who are assigned to teach four or more class periods are eligible for pro-rated health, dental, and life insurance benefits (i.e., the teacher must pay their pro-rated share of the applicable insurance premium, based upon the premium amount or the School's statutory "hard cap" limitation under PA 152, whichever is lower.
 2. Any teacher who is assigned to teach three or fewer class periods shall not be eligible for insurance or other fringe benefits.

- D. Teachers eligible for insurance benefits who choose to “opt out” of the health and dental insurance benefit package will be compensated in the sum of \$1,540 per year for full-time teachers (pro-rated for eligible less than full-time employees teaching at least four class periods). Such payout in lieu of insurance will be paid twice a year, once on the first pay of December and once on the first pay of June.
- E. It shall be the responsibility of each teacher to be properly enrolled with the insurance carrier for insurance coverage. The insurance company policies shall determine all benefits and conditions of coverage.

Article XXIV - Minimum General Fund Balance Provision

- A. Beginning June 30, 2020, if the School general fund balance falls below \$250,000, or 10% (ten percent) of general fund expenditures, whichever is greater (hereafter “Fund Balance Minimum”), and the Board decides to make this article operative, then the Union and the School shall have 30 days to agree to cost saving measures to address the issue.
- B. If after 30 days an agreement cannot be reached, then teachers’ salaries will be reduced by a fixed percentage based upon the teacher bargaining units’ pro-rata share of the shortfall. The teacher bargaining unit’s pro-rata share of the shortfall will be determined by the unit’s total compensation costs as a percentage of general fund expenditures for the previous fiscal year. This pay adjustment will be determined around November following the School audit report for the previous fiscal year, and will be implemented as of the first payroll period in January.

Example 1 (Simplified Example):

If the teacher bargaining unit’s total compensation represents 75% of general fund expenditures in the prior fiscal year, then teachers’ salaries would be reduced by the amount necessary to equal 75% of the fund balance shortfall below the Fund Balance Minimum. (Unaffiliated employees and other cuts would be responsible to make up the remaining 25% shortfall below the Fund Balance Minimum.)

Example 2 (Detailed Example):

Assume the School’s fund balance was short \$50,000 of the Fund Balance Minimum at fiscal year-end. Also assume that the teacher bargaining unit’s costs represented 75% of general fund expenditures in the prior fiscal year. In this case teachers’ salaries would be reduced by a total of \$37,500 (75% of the \$50,000 shortfall), including applicable FICA, Medicare and MSPERS. Given a MSPERS rate of .2479, a FICA rate of .0765 (which payments would be included in addressing the shortfall), and total teachers’ salaries equaling approximately \$800,000, teachers’

salaries would thus be reduced by 4.69% for the year, prorated and subtracted from paychecks over the remaining pay periods to make up the shortfall). The shortfall could also be made up by other mutually agreeable methods to recoup the \$37,500.

Maximum General Fund Spending Increase Provision for Non-Mandated New Programs and Initiatives

- C. The School will not increase expenditures annually on new programs or new initiatives unless required by federal or state laws by more than 5% of the previous year's general fund expenditures; if this does occur, then the Academy will immediately notify the union and the minimum fund balance trigger amount will be reduced by the amount of such expenditures over the minimum threshold.

Definition of Terms

- D. "General fund balance" used in the calculations will include the unassigned general fund balance (see audit report). The General Fund Balance used in the minimum general fund calculations will not include balances generated by the sale of School property, grants, or gift of property in any fiscal year unless agreed to by the School.
- E. "General fund expenditures" used in the calculations will include all general fund expenditures and operating transfers for the fiscal period (see audit report: "Total expenditures and other financing uses").

Re-Opener

- F. The parties agree that in the event this article is made operative due to the School's finances, and the reductions are made, this article shall be re-opened for discussion and negotiation for the following school year.

Article XXV - Seniority

- A. Seniority shall be computed from the first date of hire and shall mean the amount of time continuously employed as a member of the bargaining unit. The Employer shall prepare and present to the Union an initial list of staff members containing employee seniority and certification prior to October 1st of each academic year. The Union shall have until November 1 of that academic year to assess the accuracy of the information contained on the seniority and certification list absent any objections by the Union, the list prepared by the employer will be regarded as conclusive. Accompanying the name of each teacher on the list shall be date of first hire.
- B. Employees are required to deliver to the Principal written notice of changes in their certification, academic majors/minors, or teaching experience.

- C. Teachers who are on a leave of absence for one or more school years shall not continue to accrue seniority while on such leave. Teachers who leave the bargaining unit altogether and perform other work for the Academy shall have their seniority frozen until such time that they return to the bargaining unit.
