OR , if a REED was completed and eligibility was questioned, the purpose of the IEP would be a <u>reevaluation</u> .	Special Education Teacher	Within 30 school days of district receipt of the <i>Transfer</i>	

Notes:

- ¹ On the *Transfer* form, select Option A to implement the current IEP. Option B will require a new IEP to be held within 30 school days.
- ² If a student had special transportation, contact the transportation department.

Procedural Checklist: Initial Evaluation

Student Name: _____ Case Manager: _____

✓	Tasks	Person(s) Responsible	Date
	Request for special education evaluation is made by the parent in writing and the district documents receipt (date) of request or request is made by staff.	School Secretary	
	Communication between the district and the parent (preferably a meeting) occurs <u>within 10 school days</u> to: <ul style="list-style-type: none"> <input type="checkbox"/> Discuss current problem solving activities and progress, and <input type="checkbox"/> Confirm the need for evaluation for a suspected disability 	Special Education Team	
	Team completes <i>REED and Evaluation Plan</i> to document previously collected information and to determine the evaluation plan. Obtain signature of parent/guardian and provide the <i>Special Education Parent Handbook and Procedural Safeguards</i> . At least 2 attempts to obtain a signature need to be documented.	Special Education Team	
	Prior to the IEP, the Multidisciplinary Evaluation Team (MET) completes the following: <ul style="list-style-type: none"> <input type="checkbox"/> Complete the evaluation <input type="checkbox"/> Complete the <i>Eligibility Recommendation (ER)</i> <input type="checkbox"/> Develop a PLAAFP on the <i>ER</i> (if eligibility is recommended) <input type="checkbox"/> Additional documentation, if necessary, is attached in Tienet. <input type="checkbox"/> Finalize the <i>ER</i>¹ <input type="checkbox"/> Communicate the <i>ER</i> to the parent and other members of the IEP Team <u>3-5 days prior</u> to the IEP meeting 	MET	
	The IEP meeting is scheduled and must be held <u>within 30 school days</u> of receipt of the signed <i>REED</i> ² . Invitations are sent and finalized in Tienet.	Case Manager	
	A draft IEP is created and the purpose is an initial IEP. If a student is found ineligible, only the "Participants and Profile" and "Notice" sections are completed.	Special Education Service Provider(s)	
	IEP meeting is held, the IEP is completed, and Notice is provided within 7 school days.	Case Manager	
	District Liaison is notified to finalize the IEP within 7-10 school days.	Case Manager	

Notes:

- ¹ The ER needs to be finalized prior to creating the IEP in Tienet or else the PLAAFP will not flow correctly to the IEP.
- ² If after the *REED* is finalized, additional time is needed to complete the evaluation, use the Agreement to Extend Evaluation Timeline.

Procedural Checklist: Termination of Special Education Eligibility

Student Name: _____ Case Manager: _____

✓	Tasks	Person(s) Responsible	Date Completed			
	Develop a consensus with the student (if appropriate), parent, relevant ancillary service providers, and administration that termination of special education eligibility is in the best interest of the student.	Team				
	Conduct a thorough <i>REED and Evaluation Plan</i> to determine what, if any, additional information is needed to determine that the student is no longer a student with a disability or no longer in need of special education programs or services. Note: Parent input may be obtained via meeting, phone or email; however, simply sending home the form is not sufficient. The purpose of the <i>REED</i> is to "consider a change of eligibility."	Team				
	The <i>REED</i> is given to the parent for signature along with the <i>Special Education Parent Handbook and Procedural Safeguards</i> . At least 2 attempts to obtain a signature need to be documented.	Case Manager				
	<table border="0" style="width: 100%;"> <tr> <td style="width: 33%; border-right: 1px dashed black; padding-right: 5px;">If information is not sufficient to terminate eligibility, use the <i>REED</i> to document an evaluation plan including assessment areas and information needed.</td> <td style="width: 10%; text-align: center; vertical-align: middle;">OR</td> <td style="padding-left: 5px;">If information is sufficient, the information in the <i>REED</i> stands alone and no new information is collected.</td> </tr> </table>	If information is not sufficient to terminate eligibility, use the <i>REED</i> to document an evaluation plan including assessment areas and information needed.	OR	If information is sufficient, the information in the <i>REED</i> stands alone and no new information is collected.	Team	
If information is not sufficient to terminate eligibility, use the <i>REED</i> to document an evaluation plan including assessment areas and information needed.	OR	If information is sufficient, the information in the <i>REED</i> stands alone and no new information is collected.				
	Fill out the <i>Eligibility Recommendation Form (ER)</i> and if information supports termination, recommend ineligibility. (Note: Although this form does not need to replicate information contained in the <i>REED</i> , there needs to be enough information in the <i>ER</i> to describe the team decision to terminate eligibility.)	Team				
	The IEP meeting is scheduled and must be held <u>within 30 school days</u> of receipt of the signed <i>REED</i> ² . Invitations are sent and finalized in Tienet.	Case Manager				
	Complete the IEP and conduct the <i>IEP</i> meeting. The purpose of the <i>IEP</i> meeting is "reevaluation," and the additional purpose is "other: consider termination of eligibility." Complete "Participants and Profile" page and "Notice" sections only.	Team				
	Notice is provided within 7 school days and Regional Supervisor is notified to finalize the Nonpublic Service Plan within 7-10 school days and complete the exit process in Tienet.	Case Manager				

Notes:

¹ The process described above is not intended for students who exit special education due to graduation or due to exceeding the age of eligibility.

² If a student is SLI only, a *REED* and an *ER* are required to terminate eligibility; however, if the student qualifies for another area of disability, and speech services are to be discontinued, the *REED* and an *IEP* are sufficient. If the SLP determines that new information is needed in the *REED*, a summary (not a formal report) of scores should be attached to the *REED* and this summary should also be provided on the IEP in the "Participants and Profile" section under "Current Evaluations."

	District Liaison is notified to finalize the <i>IEP</i> within 7-10 school days. If the student is no longer eligible, the District Liaison is also notified to complete the exit process in Tienet.	Case Manager				

Notes:

¹ The *REED* may be extended beyond 30 school days from the reevaluation *IEP* if the district obtains written parent consent for a *REED* extension. A reevaluation is required every three years and there is no extension allowed for a reevaluation *IEP* beyond 3 years.

² If the team would like to update scores, but a full and individual evaluation is not needed for eligibility purposes, the MET team can attach a summary of the updated scores/information to the *REED*. This information should be included in the "Current Evaluation" section on the "Participants and Profile" page of the *IEP*. Do not complete an *ER* as *ER*s are only used for initials or change in eligibility, not for updating scores.

³ The *ER* needs to be finalized prior to creating the *IEP* in Tienet or else the PLAAFP will not flow correctly to the *IEP*.

Frequently Asked Questions about the REED and ER

Q1: When do I need to complete an ER?

A1: Whenever a full and individual evaluation is completed, which is needed for initials and change in eligibility. Do not complete an ER if the REED indicates that current data are sufficient for eligibility.

Q2: What constitutes a change in eligibility?

A2: Termination of special education eligibility, change in primary label, change in qualifying criteria (e.g., adding/removing Math to SLD), and reevaluation that includes a full and individual evaluation because eligibility is questioned.

Q3: What documentation do I need to complete if we have sufficient data in the REED to continue eligibility?

A3: A well written REED is sufficient to document continued eligibility.

Q4: What documentation do I need to complete if we want to update scores, but do not need to complete a full and individual evaluation?

A4: A brief summary (not a formal report) of the updated scores attached to the REED in Tienet is sufficient. Do not complete an ER as updating scores is not a full and individual evaluation. This summary data should also be documented on the reevaluation IEP on the Participants and Profiles section under "Current Evaluations."

Q5: If the team completes a full and individual evaluation, but does not recommend a label change, should the team fill out an ER?

A5: Yes, by completing a full and individual evaluation, the team has formally questioned continued eligibility and the ER must be filled out. The team should select "Change in Eligibility," on the ER even if the actual label will not change.

Q6: What if the team is considering multiple areas of eligibility?

A6: Use just one ER and check each area considered on the ER, include the necessary information for each and identify one area of disability. In general, our county does not designate secondary disabilities.

Q7: When is a formal report (in addition to the ER) needed?

A7: A formal report is no longer needed as the ER is a comprehensive, sufficient and consistent method to document the MET's eligibility recommendation.

Q8: What is the MET? How is it different from the ER?

A8: The MET is the Multidisciplinary Evaluation Team, not a document. The ER is the document that describes the MET's recommendation to the IEP Team.

Q9: What is the best way to include graphs and tables in the ER?

A9: You may attach Word or Excel documents to the ER in Tienet. A formal report is not necessary as the ER is comprehensive and sufficient.

Q10: Is the PLAAFP section of the ER required for all situations?

A10: Yes, it is required. The PLAAFP in the ER flows into the PLAAFP section of the IEP for initial evaluations for the special education teacher to edit accordingly. For a change of eligibility, the PLAAFP in the ER flows into the student's Profile which is helpful for teachers in creating the PLAAFP in the IEP. Also, according to Federal and State rules, the PLAAFP is a required component of the ER.

Q11: When a team is considering SLI in addition to another area of eligibility, and the student qualifies for another area, such as SLD, how is this documented on the ER?

A11: In this case, the student is eligible for SLD, and ineligible for SLI (as the primary area of disability), yet the student may still receive SLI services.
