

Orientation 2022

We anticipate power being restored at the Academy at some point today.

However, due to the loss of power, there are some building related items that will not be ready for tomorrow morning. As such, Student and Parent Orientations scheduled for Thursday September 1 will be postponed.

We want to ensure that we are fully prepared to provide a great first experience, so the teachers and staff of the Academy will collaborate to provide a Student Orientation experience on the first day of school, Tuesday, September 6, for all students.

All students should report to the cafegymatorium at 8:30 on the first day. Please drop off students at Door #3, by the flag pole on Caroline. Breakfast and lunch will be available for all students on every school day this year.

Students will participate in school pictures of the first day of school September 6.

We will share additional details regarding Parent Orientation as soon as possible.
